He had staged a "great escape" from his care home to join fellow war veterans on a beach in Normandy, commemorating their fallen comrades at the D-Day Landings 70th anniversary. But of course, it wasn't the whole story. It was an inspirational but sanitised retelling of one man's need to come to terms with the lasting trauma of war.

A humpback whale is beached on a remote shore. During the fight to save its life, we will discover the story of these extraordinary creatures, denizens of the world's oceans.
