

WORK HEALTH AND SAFETY POLICY

We are committed to:

- ✓ Applying risk management processes to prevent injuries and illness and to ensure that as we expand out into a Cultural Precinct health and safety remain a constant focus;
- ✓ Complying with the Work Health and Safety Act and associated Regulations and Codes of Practice;
- ✓ Setting measurable health and safety objectives and targets to continuously improve our performance;
- ✓ Providing appropriate health and safety training to all employees;
- ✓ Implementing processes to ensure employees are engaged and consulted with where there is an impact on workplace health and safety;
- ✓ Communicating relevant health and safety information to all employees, contractors and visitors to HOTA;
- ✓ Ensuring reporting and appropriate investigation of all health and safety incidents.
- ✓ Implementing the Work Health and Safety Policy

Workers, contractors and visitors will

take reasonable care of their own work health and safety, for other workers, and members of the public by:

- ✓ Following WHS requirements and any reasonable instruction given for WHS
- ✓ Actively monitoring and managing WHS risks and stopping if it is unsafe
- ✓ Reporting injuries, unsafe activities, hazards, near hits and incidents immediately
- ✓ Working only when 'Fit for Work'
- ✓ Working within current competency and capability
- ✓ Attending WHS training where required
- ✓ Wearing Personal Protective Equipment (PPE) where required

'Health and Safety at HOTA is a core part of everyone's job and a shared responsibility'.

Criena Gehrke
Chief Executive Officer
